

Monitoring and Compliance Group

John Byrne, Chair's Report

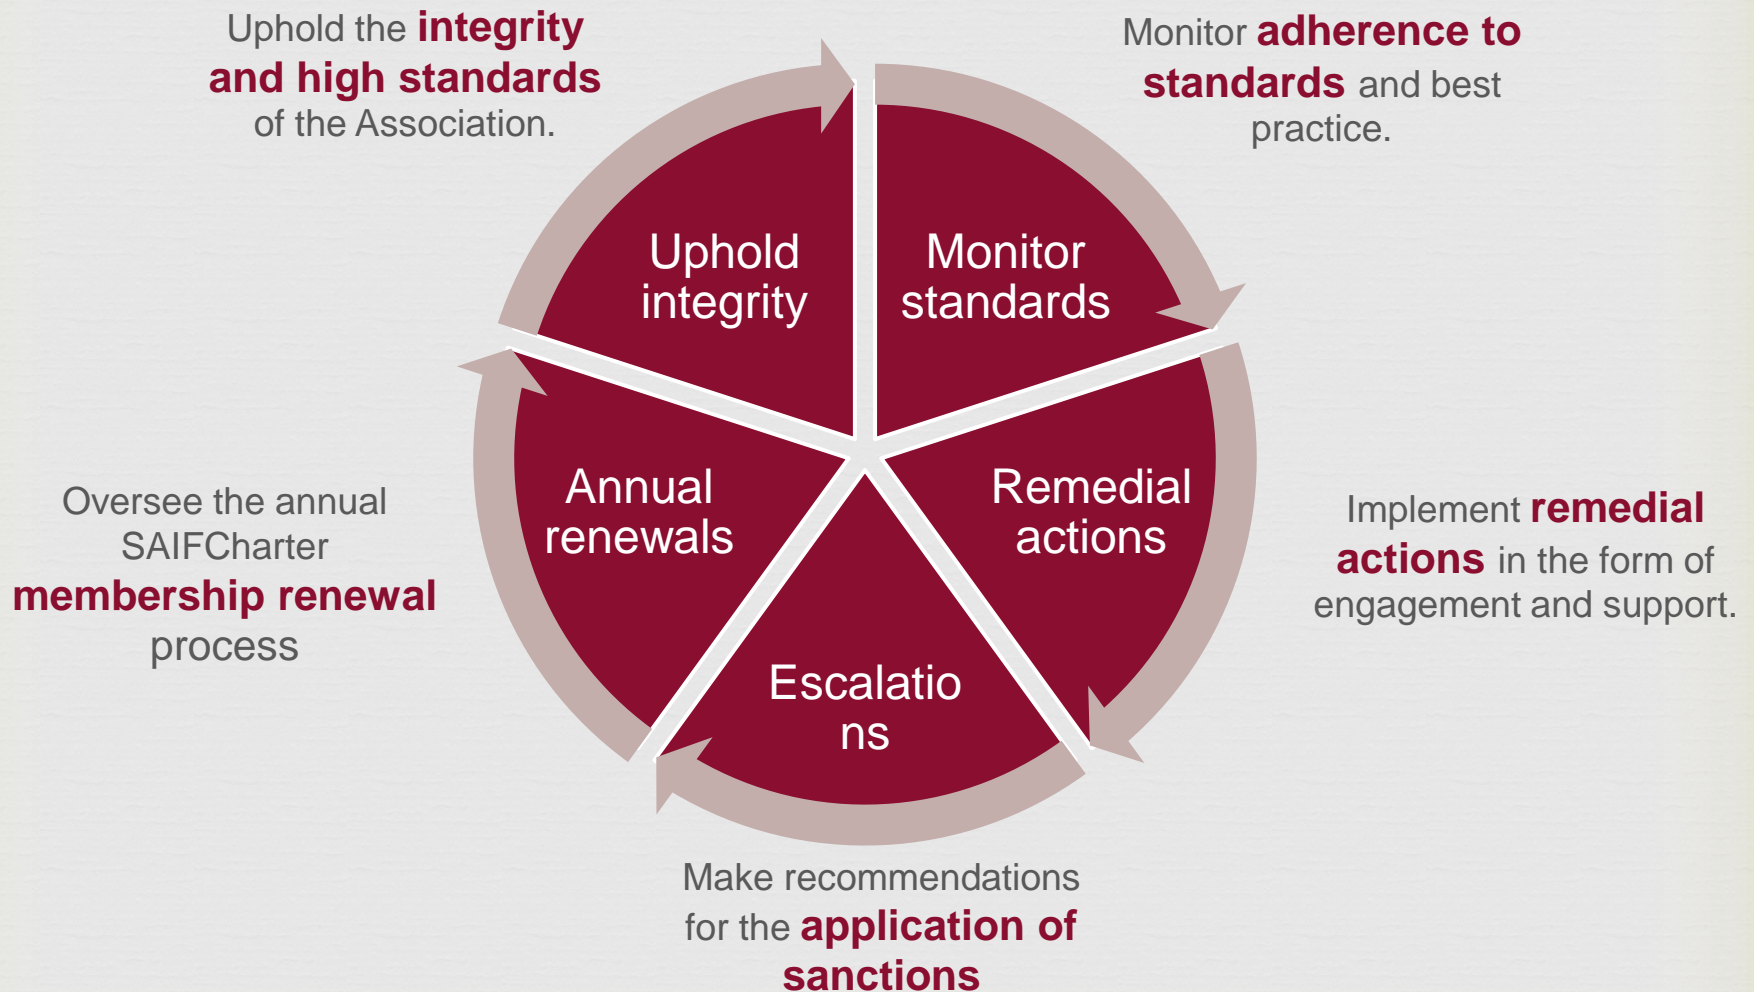

September 2018

Chair's Report

- You will note a change in the name from P&C (Policing & Compliance) to M&C - Monitoring & Compliance. The work group members believe this is more descriptive of the functions carried out.
- The group has continued with the website checks of the membership with two full reviews completed through the year from which a hand full of compliance issues were raised on members' websites. All were subsequently dealt with satisfactorily.
- The group was presented with a small number of members (3) whose SAIF membership had lapsed and therefore so did their SAIFCharter membership. This was appropriately managed in accordance with the rules and terms of membership.
- The core task of the group this year has been to carry out a top to bottom review of the constitution. This has been a lengthy and ongoing task due to the fact that each element of the constitution has been taken apart, reviewed, reworded, added to where necessary and essentially ensuring the constitution is fit for purpose and is future proofed for any changes in the profession.
- To update, we have a final meeting on the 1st October and we will discuss a proposed version with the full executive in December and look for you, the membership, to vote on the proposal in March. This was a commitment we made at the last AGM which we are satisfied we will deliver on.
